

**Letters to U.S. President John F. Kennedy
and Soviet Premier Nikita Khrushchev**

October 1962

October 22, 1962

Dear Mr. Kennedy

My mother insists that I drink powdered milk because of radiation. I don't like it because it doesn't taste good. Why do you have to test bombs? There is really no meaning to it. I am sure that me and everybody else will appreciate it if you stopped testing.
