# *The Chairman's Message*

Canada is a young land and a land of young people. The Centennial Year and Expo '67 were resplendent in the enthusiasm of youth. Imagination and youthful vigour characterize those who will determine the direction of Canada's second century.

In North York we are proud of our students' scholarship. But our pride is not limited to the accomplishments of those who achieve awards; it extends to every student who is using his talent to the best of his ability. The effort to do one's best is obvious in the searching for a deeper meaning of each subject, the school spirit, the willingness to exercise responsibility for others and in the total development of each student. As citizens in your school community, you have demonstrated your ability to adapt yourself to a changing environment and a readiness to implement knowledge in the evolution of a most enlightened society.

As you leave your school, home and companions to enter broader fields of endeavour, may you keep your vision, retain your integrity and challenge your intellect day by day in the excitement of discovering tomorrow's world.

Bruce C. Bone, B.A., C.A.,  
Chairman,  
The Board of Education for  
The Borough of North York.

## Principal's Message

I would like to thank the editor and staff of the Phoenix for producing a year book that will serve as an excellent record of the past year at Bathurst Heights.

The future of the graduating class, the future of all of us, lies veiled in the mists of time. Since time immemorial man has attempted to peer through these mists in order to plan his future with certainty. Through these mists one thing that can be discerned is "CHANGE".

Since 1942 when Fermi and his associates 'initiated the controlled release of nuclear energy' our whole manner of living has changed. During the past twenty-five years the list of new products and industrial techniques are as many and varied, as are, the graduates of Bathurst Heights and other secondary schools in Ontario.

These recent graduates have adjusted to our new and changing society. Indeed, many persons who are active today on the frontiers of knowledge and industry were high school graduates of this era. These persons have been able to make the adjustment because they left secondary school equipped with some fundamental learning, with some curiosity, with a willingness to adjust to new situations, and with the confidence they could control their environment.

As the graduates of 1967 go forth, we are convinced that they have the same attributes as their predecessors and that they also will successfully cope with the changing years that lie ahead.

"Old men dream dreams.  
Young men have visions."

This book is dedicated to the students of Bathurst Heights with the hope that their visions will some day be realized. The year 1968—Centennial Plus one—gives rise to this hope. For not only the community of this high school, but Canadian Youth in its entirety has paused at some point during the festivities of Centennial to evaluate themselves. In an aura of great expectations for a bright Canadian future, we asked ourselves, "Will there be a place for us in this new plan?"

For the graduating class, this question stands foremost as the next decade will prove a passport or a barrier to your anticipations. It is also pertinent, though less immediate for the undergraduates. Your remaining highschool years must be utilized to their utmost so that you, also, may without hesitation or doubt, take a responsible place in society.

The Phoenix has been reborn in a year of fierce Canadian nationalism and pride. It is therefore my sincerest desire that this yearbook instill pride in our student society. As our society is an advancing one, so this book has altered. It has "youth appeal", thanks to a staff whose hard work will hopefully be justified by your strong school spirit.

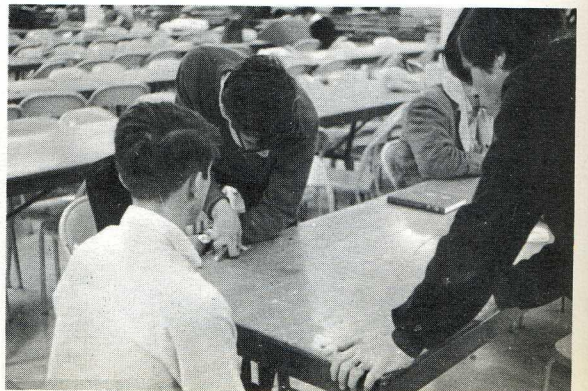

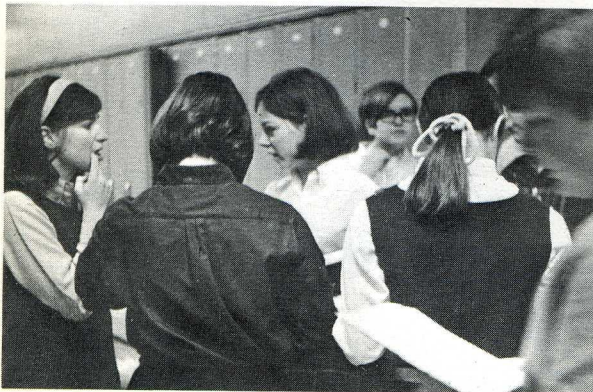

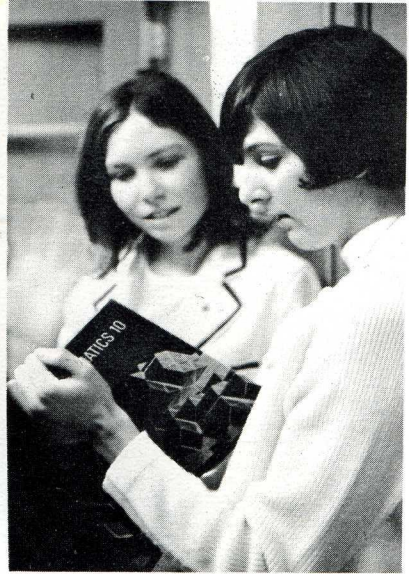

Many years from today, when our visions are realized, this edition will merely become a diary—a recollection of a monumental year—an easy chair for dreaming.

Shirley Schnier

# THE FOUR-WAY TEST

"Of the things  
we think,  
say, or do."

---

- 1 - Is it the *TRUTH*?
- 2 - Is it *FAIR* to all concerned?
- 3 - Will it build *GOODWILL* and *BETTER FRIENDSHIPS*?
- 4 - Will it be *BENEFICIAL* to all concerned?

(copyright 1946, Rotary International).

---

The above four questions can best be answered to the interest of everyone by stating a few remarkable examples of the relationship and involvement with THE FOUR-WAY TEST, as applied by the Rotary Club of Toronto Armour Heights.

In November 1964, the brilliant idea was conceived by one of our distinguished members, of establishing a home for wayward boys from 16 to 19 years of age. With the generous assistance of The United Church of Canada, the plan went into action in March, 1966. A house was bought, fitted out, and an Executive Director and House Parents were appointed. Long hours of diligent work and the utmost co-operation of many dedicated people saw this wonderful idea blossom into a reality. The Home, known officially as "OPPORTUNITY HOUSE", accomodates eight boys and has met with the unanimous approval of leading Judges and authorities throughout the Province. It IS building GOODWILL and BETTER FRIENDSHIPS, but, more importantly, is helping boys develop into men with a sense of responsibility and regard for others.

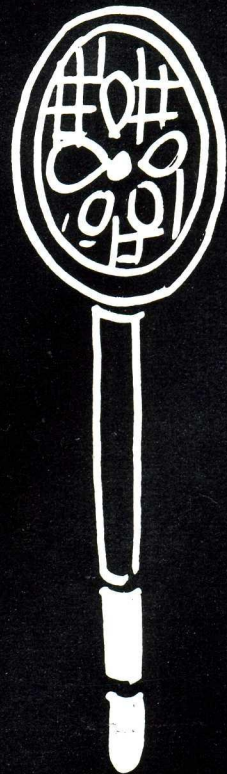

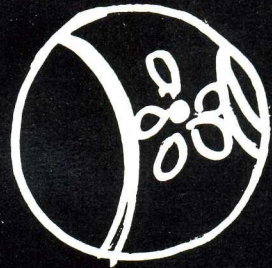

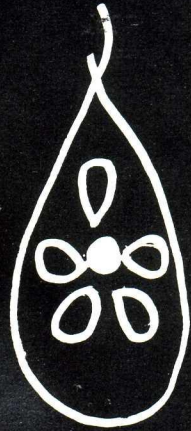

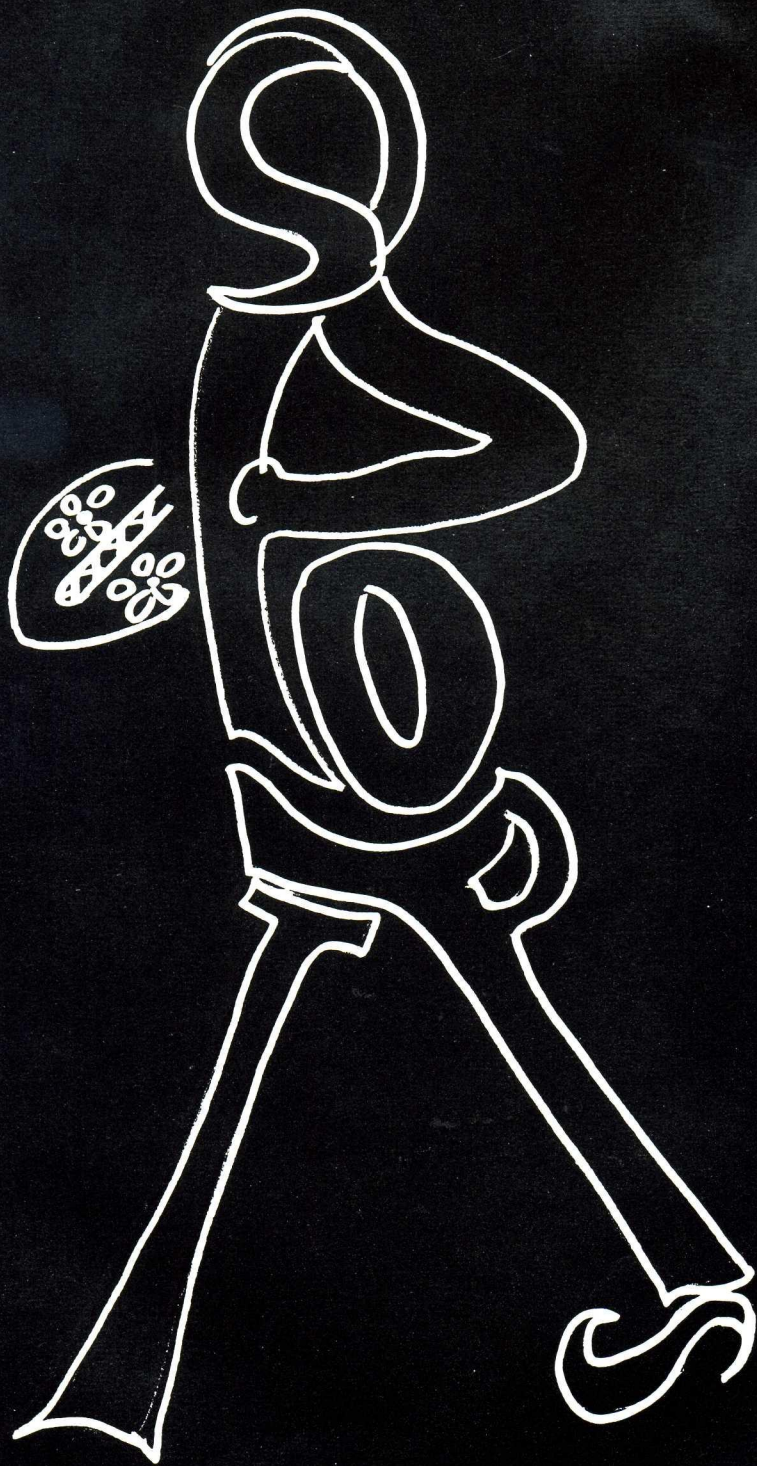

Once each year, The Rotary Club of Toronto Armour Heights enjoys the privilege of sending a top Student to Ottawa for a four day "ADVENTURE IN CITIZENSHIP". The Student has the opportunity of meeting the Prime Minister and the Leader of the Opposition. A tour of the Parliament Buildings is part of this adventure, but even more interesting is the privilege of meeting 300 students from all over Canada; having lunch with them, and discussing common friendly interests with each other. The conclusion of this memorable trip is to be our Special honoured guest at our Club luncheon, when the Student relates to us an account of all that went on in the Capital City.

The yearly Oratorical contest is a matter of keen interest to our Club. Each year the top Student and the runner-up in this contest will appear at our Club Luncheon, at Yorkdale, to deliver their speech. At this time, they are also presented with splendid trophies emblematic of their worthy achievement.

1967 was an outstanding year in a project designed to promote friendships between Students on an exchange basis. Two Students and a Teacher from Sir Sandford Fleming and also from Bathurst Heights, visited Students at East Aurora, New York, and Lachute, P.Q. Four Students from each of these Cities returned the visit. They stayed with teen-agers of members of our Club. It was noted that Students and Parents alike had a most enjoyable experience!

The events recorded on this page represent only a few of the many interesting topics which are an integral part of a Rotary Club in action. It is true, that if we all make at least some effort to apply the principles of THE FOUR-WAY TEST in our daily lives, we will be the better for it.

Our other activities include working in conjunction with the G.A.A. to plan things such as Trinity and Peterborough nights, and the Annual Athletic Banquet and Square Dance. All Boys in the school are eligible to join this organization. This year our staff advisor is Mr. Muir and our Student Leader is Reg Lukasik with Rick Yasui being Head Referee, and Greg Pyke in charge of our Social and Publicity.

The 1967 Season was rather unfortunate to the Bathurst Bears. The team managed only one tie, 1-1 with Mackenzie, in five starts. The defensive squad was strong allowing about one touchdown per game, but the offensive part of the team was usually kept off the scoreboard. Mr. Smith made every effort to get the team rolling and Mr. Freedman, the line specialist had his share of problems due to the lack of a 6'6" 300 pound lineman. Most of the players will be back next year, leaving a solid foundation for the '68 Bears.

SECOND ROW: Tiberio Azolin, John Maratte, Mike Toyliafferri, Frank Carkinale, Greg Kennedy, Joe Vukovitch. FRONT ROW: Jim Dinoto, Doug Marrett, Gary Hewitt, Norm Stern, Harvey Haver.

This year the team worked hard under the coaching of Mr. Lawrie and Mr. Ruddy. The team gained a playoff berth with a regular season record of three wins and one defeat. The loss was a heartbreaking 7-6 game for Fleming. In the semi-finals, the team lost 13-2 to Victoria Park. It was a hard fought game, played, as were the majority of this year's games, in the mud.

The team will be a definite threat next year. More spectators and players, though are needed to assure success. So lets see some action Bathurst!

This was a rebuilding year for the 1967-68 version of the Varsity Volleyball team with only two regulars back from last year. Under the guidance of our coach Mr. Hutchings, the team finally computed a record of one win and five loses but during the course of the season, each player picked up invaluable experience. I'm sure, with the nucleus of Jeff Simbrow, Fred Archibald, Al Garman and Mike Goldstein, next year's team will be one of the finest volleyball teams to represent Bathurst Heights.

This season, our Cubs coached by Mr. Scovell, and led by the high scoring HULK, went through one of their most successful seasons. Their most respectable regular season record of seven wins and only one loss placed them tied for top spot in their division. The season, however, seemed climaxed early when the Cubs defeated Downsview by a decisive eleven point margin. This was by far their best team effort and the victory was a coaching triumph. In the sudden death semi-final game the Cubs lost a squeaker to Newtonbrook. It was a let down to all. The team again wishes to express their thanks to Mr. Scovell.....and look out for next year, finals here we come!

# Senior Basketball

FRONT ROW: Norm Stern, Rick Yasui, Albert Israel (Captain), Bill Dolman, Veli Niinimaa. BACK ROW: Mr. Muir (Coach), Haig Yeghouchian, Gerry Turrin, Harry Freedman, Steve Klein. ABSENTEES: Steve Norris, John Martiniuk, Gerry West, Tom Duncan, Jon Young.

In the past few years, Mr. Muir has been quoted as saying "what they lack in ability, they certainly make up for in spirit and desire." "The most exciting team I've had the pleasure of coaching at Bathurst Heights." "They surpassed my pre-season expectations by a long shot."

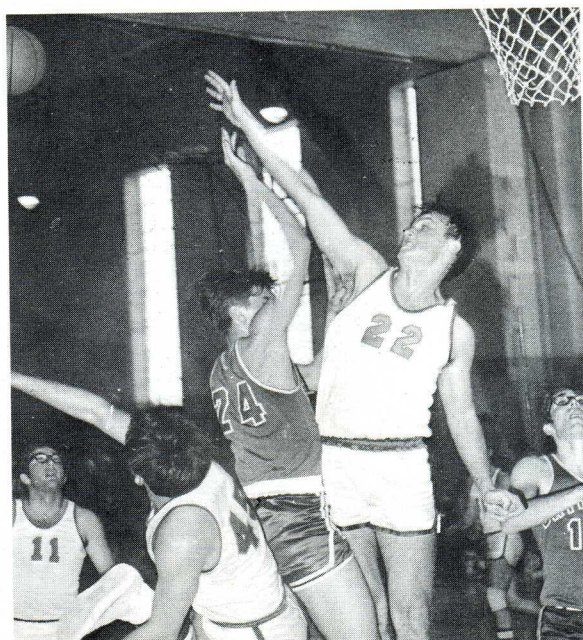

All of these quotes apply to the 67-68 edition of the BEARS.

They finished the regular season with a 6 and 2 win-loss record; with a few of the games being decided in the last few seconds of play. Even so, they wound up in second place in the Western division only to lose out in the sudden death quarter final against York Mills.

Regardless of their record the Bears provided Bathurst fans with a lot of exciting basketball, combining the scoring ability of Norm Stern, Al Israel and John Martinick, with the great defensive work of Rick Yasui.

Mr. Muir is looking forward to next years team, as he sees a lot of potential coming up from the Juniors to join the remaining Bathurst Bears.

Good Luck in '69'.

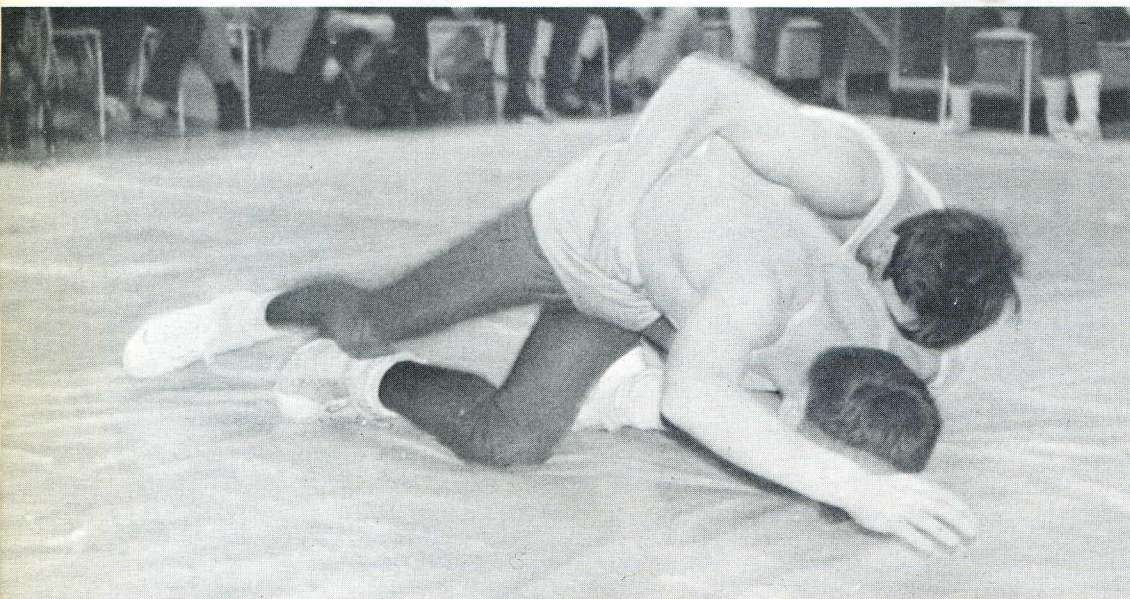

# Wrestling Team

This year's team was the smallest ever, but had the greatest spirit a team could ever have. The boys showed great ability and sportsmanship all year long. The team placed fourth in North York competition and fifth in the West Humber meet. Mr. Fortner our coach has given us his time, patience, and skill to produce some very fine wrestlers. The team was so grateful that we voted him "Coach of the Year" and he received a handsome trophy. Some outstanding boys this year were, Len Gang 98 lbs. - 3rd. in North York's & 4th. in West Humber's, Tom Young 115 lbs. - 3rd. in North York's, Chester Pernal 123 lbs. - 1st. in North York's & 2nd. in West Humber's, Randy Yee 136 lbs. - 1st. in North York's & West Humber, Jim Margetta 155 lbs. - 1st. in North York's & West Humber, Paul Teifenbach UNL. - 4th. in West Humber. I would like to congratulate all the boys for their outstanding performance this past year.

# Message

If I could attempt to write from the point of view of someone looking down from some high platform in the sky, and not particularly on a late Saturday night enterprise, and try to look objectively at the high schools of North York, I could report easily that our school, Bathurst, is one of the most unique schools and perhaps for that reason also, one of the greatest. One contributing cause is that the student body is at once so diverse and so coherent. This year, more than any other year I can recall, has proven that so diverse a fund of students can achieve great heights as a coherent unity.

The past year has been an extremely successful year. For example, our extra curricular program has more offerings than ever before. Our very substantial athletic program far exceeds those of many schools. This program has spawned a highly spirited group of athletes whose talents show through especially on the Basketball court and on the Wrestling mats. Our seemingly endless list of clubs have given many more students the opportunities of displaying their talents from debating, to activity in the United Nations to building a lazer beam, to making movies. Because of our size and varied interests, we are always starting new clubs. Two new clubs this year were the communication arts club and the fencing club. The Royal York was the setting of our memorable 1968 school prom. By forming a dance committee we were able to have more and better dances. The United Appeal and the Blood Donor Clinic donations far exceeded those of past years.

The presidents of high schools in North York have formed this year an Inter-Collegiate Student Council for North York. It is our hope that forming this council will further aid the individual presidents in organizing his school events, plus North York wide events all in the hope to generate more spirit in the particular schools and in North York. Generally the successful life of any school depends mostly on the efforts of the student body - efforts that are expedited by the mayor and Board of Control and guided by the faculty.

My experience as mayor has proven this to me - the success of the student council is founded on the support of the students.

The past two years spent on the Board of Control will be two of the most memorable years of my high school life. I am deeply indebted to the faculty, the Board of Control and the students who gave me their loyal support and willing help.

As we look through this year book in years to come, we will be able to recreate those one-way halls; cheering at the games; that grubby grub day; but most of all, the friends and acquaintances we made.

I would like to wish you all, happiness and lasting success in all your endeavours.

The sky is the limit !

No goblins to taunt me,  
No life on this planet  
Just bloody-red granite  
And O, but my poor sick heart

I'll continue my bootless search  
I'll climb the hills  
I'll scan the rills  
I'll find my long lost soul.  
But the ceaseless wind,  
Keeps a-blowing in,

## LA GAMINE

*La gamine est jolie, gaie  
Tous les jours elle veut jouer  
Dans la rue où près de la fleuve  
Elle aime la vie et tout épreuve.*

*Tout la journée elle rit et danse  
Aux passants elle souhaite "bonne chance"  
Tout la nuit, elle rêve des poils  
Sous les étincelantes étoiles.*

*Mais vient le jour, à l'avenir  
Cette pauvre mam'selle ne va plus rire.*

Judi Schwartz 13H

## FONDEST DESIRE

*Exalted love.  
The feeling I want to have, but cannot.  
Imperspicuity and emptiness  
I hope are not my destiny.*

*Yet how else am I supposed to live?  
My love is to be shattered in a minute  
And I am supposed to live on.*

*Is this what life is all about?  
To be hurt and then forgotten?*

*I wish to die!  
Die and remember the good time,  
The happy time, the past.  
To hell about the future now.*

*There's nothing that I want or desire,  
Except you!*

Jay Reingold 13D

*Tears are the softening showers  
which cause the seed of Heaven  
to spring up in human hearts.*

## OUR SURROUNDINGS

*Walking and talking,  
Together we wander  
And our minds ponder,  
My companion and I.*

*The flowers and grass,  
A brook and trees,  
We pass.*

*The bright sun  
Filled us with warmth.  
Deep expressionless love  
Could be felt in our hearts.  
The beauty of Nature  
Seemed to be everywhere.*

*The singing of rare  
Yellow-coloured birds  
Surrounded us.*

*Rich, green vines  
Formed an arch  
Above our heads.*

*Laughter and joy  
Were our sounds  
In contrast with the silent brook.*

Vicky Greco 13J

*True wisdom lies in gathering  
the precious things  
out of each hour  
as it goes by.*

## A PROVERB IN POETRY

*Joy and woe are woven fine,  
A clothing for the soul divine.  
Under every grief and pine,  
Runs a joy with silken twine.  
It is right, it should be so,  
Man was made for grief and woe.  
And when this we rightly know,  
Safely through the world we go.*

Isabelle Colalillo 13

*The crystal raindrop squatted tearfully  
on my window today  
Drawing in the sunlight  
And refracting it prismatically.*

*The sun poised pinkishly on the water's edge  
Waiting for me to look at it  
Before it dipped down over the horizon.*

*It struck the earth with savage fury  
A sizzling bolt of light  
Tore the sky asunder and with it,  
A cymbal-clash of splitting thunder  
To mark the beginning of the torrential rainfall;  
The rain was loosed in huge sheets  
At once lapped up by the  
Parched, caking earth;*

*The flowers nodded their heads  
In the presence of the rain  
And the trees clapped their myriad hands.  
The storm spent itself in a few minutes  
Ceasing with a suddenness  
Which drew the darkness away to reveal,  
A bright glistening world  
Bedecked with jewelled raindrops.*

*The sky was an inky black  
Yet out of this seeming emptiness  
Came the caressing witness which fell,  
On and all around me;  
My feet felt the soft sponginess  
of the ground below  
And I rejoiced knowing  
That this rain was the stream of life.*

*Diana Sernick 12K*

### *LIFE*

*Today my flashing colours fly  
Too fast before the sun;  
Yet I look around and find my life  
Has only just begun.*

### ALONE

*I feel alone.  
I am alone.  
Not wanted  
Not loved.  
Cruel world.  
Nature has done me no harm,  
Only cold people have tortured me.  
No friends.  
Just alone,  
In this huge mass of earth.  
A broken heart,  
Busting with sadness.  
Grey eyes filled with endless tears.  
Oh God, God  
Give me strength, a prayer and a dream.  
Help me. Please help me.  
I beg you.*

*Vicky Greco 13J*

*On trouve beauté  
Dans le fleuve ruisselant et argenté!  
On trouve beauté  
Dans le levé du soleil  
Mais nul de ces derniers  
Ne peut être comparé  
Aux beautés de mes jeunes amours,  
Que j'assaye,  
Ne fusse que pour un moment,  
Evoques, pour apaiser ces douleurs,  
Douleurs, qui marquent l'homme durant  
Sa veillesse.*

### TIME

*Time is an endless, invisible river  
That travels through Heaven and Hell  
It carries the souls of the dead away  
And their dreams and their deeds as well.  
Like the tide on the rock  
By the tick of the clock  
It washes a lifetime away.*

*Sue Lerman 4B11B*

### D. F. M.

*You make me think of wonderful  
things:  
Life. Love. Beauty. Warmth.  
And, although I've known you  
but one night,  
It's like I've known you all  
my life.  
The green grass and blue sky  
between us  
Will soon begin to shorten;  
And, once again, the warmth  
that was felt  
Will blossom into exalted  
joy and happiness,  
I hope, forever.*

*Jay Reingold 13D*

## LES MENDIANTS

*L'âpre bise nous glace et la neige gerce,  
Notre face ruisselle en larmes sous l'averse,  
Car l'automne et l'hiver sont durs au pauvre mendiant  
Ou'on voit errer les routes, apitoyant,  
En vain celui qui passe et qui hausse l'épaule.  
L'oiseau au vol vif de son aile nous frêle;  
Le chien alvie et rage, mord severment la loque et le javret;*

*On a peur de nous rencontre dans cette solitaire forêt;  
Et cependant nous sommes deux d'avoir souvent  
Écouté dans les vieux roseaux pleurer le vent  
Et d'avoir, hélas! sur le mont et le bois,  
Tant d'aurore, hélas! se lever tant de fois  
Et tant de lourds soleil s'abîmer dans la mer!*

*I made my wish. Sitting on my bed in the light of a weak electric lamp, my long hair hanging down my shoulders and my eyes wet with incessible tears. These were only the outward signs of my grief and irrepressible sadness. Inside I was shattered. My mind groped for something solid, some small stable truth it could lean on to keep from sinking back into a sea of desperation. I felt all my senses fighting for survival--nothing was real anymore. I felt I was sane and all the world was mad. Then as my mind began to fall into nothingness, I alone was mad in a sane world. My mind was not mine--my spirit had left me. I cried after it, I screamed but no sound came from my parted lips. Then my hand moved. My hand moved! Then there must be some force within me, I couldn't do this alone. I felt a grip inside my mind my eyes closed--involuntarily; my emotions seemed to line up in a black corner of my mind. They were all there. Then they disappeared.....*

*I was in a meadow--a beautiful meadow--blue trees, yellow grass and huge black flowers. There was a hill far away--a deep purple color. The pink sun shone down and if I squinted, I could see a red haze in the air. I breathed deeply--ah it felt good to breathe fresh air again! I ran through the yellow grass, my legs moved faster and faster--I fell down happily and rolled in the grass which grew in carpet-like form. I sat up and found that I was leaning against the stem of one of the huge black flowers. God, it was beautiful! I hadn't realized all its beauty until this very moment. I gazed deeply at it until my heart almost burst at so much happiness. I decided to walk to the purple hill. My legs moved lightly and I quickly reached it. It wasn't so far! I saw little blue and violet lichen growing all over it. So that's what makes it so beautifully purple! I ate some lichen, the blue kind. I sat on the side of the hill for a while admiring the incredible beauty of the virgin meadow. I was seized with an uncontrollable urge to pick a black flower. I flew back towards the flowers. I walked among them, their heavy heads towering above me, smiling at the pink sun. I reached an incredibly beautiful one. I snapped the head from the stem and the stem cried orangey syrup at the loss of its crown. I didn't care--I was too happy to care. I walked through the meadow holding my flower, admiring the blue trees. Oh the incredible happiness that was here. I would stay in my beautiful meadow forever.....*

*My eyes opened. The lids were heavy with sleep and mucus. My straggly hair hung limply on my tear stained face. My mind was foggy. I couldn't remember. My hand was clutching a bottle. I had trouble focusing my eyes on it. Then I remembered. The pill had worked! Oh, it had worked!. I had been released from this ugly world and my hateful being. I wanted to cry. I didn't. I took another pill instead.*

*Oh, my beautiful meadow! I'm back! How could I ever leave you....?*

THE WARM WIND BLOWS SO COLD

*Perhaps it's because I've loved so much  
And received so little in return  
That I feel so left out of life.  
And yet at the same time  
I think there must be something  
More to life than love.  
It seems you can't live with it,  
But you can't live without it either.  
If only there were a happy medium  
Where no one could get hurt,  
But there isn't.  
You chase your special rainbow  
And you catch up to it  
Just in time to feel the rain.  
And you feel so good in the morning,  
But the night comes  
And brings the pain.  
There must be something to it,  
But I just can't understand why,  
The love that makes you happy  
Makes you also want to die.  
This morning I felt so young;  
Tonight I feel so old.  
If only she would come back,  
But the warm wind blows so cold.*

Paul Burnell 5A11C

JOY!

Come fair students, young and fool  
Rally 'round the burning school  
Throw in your tools of learning  
Laugh for they are burning  
You're now, students; if not too late  
So all go home and vegetate.

Joe Lewis: How does that hit you?

Death is a thing of the past!

Girl Driver: (after a collision)  
It was really my fault.

Gentlemanly Teenage Boy:  
No, it was my fault. I could plainly see that  
you had just started driving, and I could easily  
have driven into that field and avoided this.

Policeman:  
Hey, Mac, your wife fell out of the car ten  
miles back.

Motorist:  
Thank heavens! I'd thought I'd gone deaf!

One day two hippies were hitch-hiking and  
were picked up by a farmer. After driving  
down the road he pointed out, "Those cows  
there are Jersey cows." One of the hippies  
whispered to the other, "Man he's got great  
eyes. I can't even see the license plate!"

BUMPER STICKER

"We got stoned in the petrified forest."

A hippy drove into a gas station and yelled,  
"Fill her up!" The attendant looked under  
the hood and found no motor. "Where are  
you going?" he asked. "To the patent office."

SMOG

Lately there has been a lot of talk about  
smog. Personally, I think it all stinks. Smog  
will kill you before you are old and grey. That  
is a public service. If there wasn't any in Los  
Angelos, we'd all be sunburned. Smog gives us  
something to talk about. It's a conversation  
piece. In conclusion, don't knock smog, after  
all, we invented it first.

## YA KNOW WHAT?

You'll probably enjoy your first job!

Just think . . . no classes . . . freedom . . . your own money . . . new friends . . . interesting work . . . it's great!

At Canada Life, most of the old "stamp licking" jobs are gone — we gave them to the computers. They do all the routine things, leaving us more time for interesting and challenging work.

If you are graduating this year and want a job that's tuned to the times — drop in and see what we have to offer. Call our Personnel Department at 368-7432 for an appointment.

### A Winnipeg girl tells how ugly blackheads can be removed by SNAP

"Facial cleansing with SNAP removes any blackheads and possible resulting pimples, leaves pores clean without enlarging them". Another girl writes: "SNAP is just wonderful for cleaning the skin when you have blemishes on the face. It helps clear them up just beautifully".

A Toronto girl writes: "I am writing to tell you what a fine product you have in SNAP when used (especially for teenagers) in cleaning the skin. There's nothing to compare with it for toning and cleansing. All the girls at the office use it . . ."

We constantly receive letters like these, telling us how SNAP cleans the skin, stimulates the circulation, and helps improve the complexion.

Give SNAP a chance to help your skin!

\*Original letters can be produced on request.

CLASS AD 4B12A

We, the members of 4B12A, leave Bathurst with heavy hearts. In the hope that our memory will live on, we hereby bequeath Bathurst Heights the following:

- Jeff Lazar: My position as class Banner representative  
Chicky Chadwick: My empty Rothman packages and skateboards  
Carol Beauvais: My slightly dented locker and my poor eyesight which they gave to me  
Jim Barker: (Chief) Two fire hydrants for the Wishnefsky Relief Fund  
Allen Wishnefsky: A basement window with a good view  
Danny Zigelman: My absence  
Harry Rotstein (The Dib): A teepee and a tomahawk to Jim  
Judy Bronsteter: The typing room mirror  
Lynette Smith: One free lesson on how to make U turns at Dufferin and Lawrence  
Roy Gonos (Peabrain): 40 summaries and a REASON WHY?  
Carla Fallavollita: A word of advice--drop data  
Linda Bain: An instruction book on how to forge an attendance clipboard, and succeed?  
Rosemary Caranci (FLASH): My green prefect sweater and my shiny new running shoes  
Louise Clement: My Doublemint gum to any ying-yang who happens to look under the desk  
Rita Solomon: My shoe that I found at Yorkdale to the boys of 4B12A  
Suzanne Ross: My empty bubble gum wrappers to the boys of 4B12A  
Sharon Dobson: My honour marks and the lovely notebook in the dear subject of Economics, to Mr. Hutchings  
Rhonda Zimmerman: My legs to Roy Gonos  
Diane Balko: My school days to all the poor ding-a-lings and my strands of hair to Allen  
Debby Lewin: To Mr. Bak, a screw driver because he says machines do not make mistakes  
Judy Shendleman: My presidency to the Commercial Club Executive of 1969  
Steve Norris: My good athletic support and my athletic AROMA!

Bob the Baker Kamin to his Kotzer bakery made of Greenwood. A customer wanted a Hundert do-nuts. His assistant entered with plain do-nuts that were as hard as Bricks. He told his assistant, "The customer wanted sugar do-nuts. Don't you like sugar?"

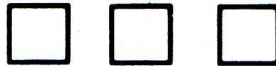

He answered, "I like Sugarfine. It's just that it keeps Rubinoff."

The Baker's solution was, "Soak them in Colchary and the sugar will stick. Then he said in an assumed Italian dialect, "We'll putta dem inna da window and let the re(Stessel) themselves." He was a Wise Baker.

Outside the sun shone, the Boyds sang but it was muddy and Shleser. The customer made a Rapp on the door, entered and kept putting change in coin slots for bubble gum. He brushed the slot machine many times with his sharp buckle and thus made several Slotnicks.

The customer, now stoned on the spiked do-nuts dunked in Nesker(fe) coffee, spoke incoherently and wildly and said, "If you get a big German beer in a big stein, you get a little French beer in a l'Edelstein. If Al-ladin lived in Germany instead of a rubbin' lamp he would have used a Rubinstein. I'm going home to watch DeRoy Rogers Show. If you get a flat tire, a Jekel raise your car. Did you know the guy on I Spy has a tennis racket with a Goldgut? Class, eh? If one mole of hydrogen combines with ten moles of plan, you get hydrogen de(Caplan). A hamburger made with bacons is a ba(Ginsberg)er. A long-necked animal who eats too much becomes a gir(lafirate).

If you people think I'm going to get Domovitch into this, you're nuts.

## WILLMER'S WARD

The year is 1975 and it is a beautiful spring day. Why, look over here! Its "Debie Cohen" now a famous designer from a big New York firm. I wonder what happened to the rest of 4B11B. I know "Sue Lerman" is now Mrs. Brown. "Bill Martin" is now acting on Broadway, would you believe. It's funny how many of our friends have gone to the United States. "Daryl Similias" is there with all of his American money and coming back here for 8¢ on the dollar.

"Marcie Emelack" and "Roland Chiasson" have really gone far afield. They are teaching French in a progressive school in Toronto.

Some of our classmates have become quite famous. "David Milgram" recently won the Nobel Prize for having a perfect AMS Math Test. "Charles Eisen" has the distinction of being the first President of an all girls college. "Allan Kozlov" has accomplished something really great. He just landed on the moon in a rocket he constructed himself. "Mary Guido" is singing in the Metropolitan Opera Company, her voice is being projected through amplifiers. Her manager is "Ann Weishauz".

Let's see, who else of the 4B11B group do I know about. Oh, "Cheryl Zalkin" is doing research in the Banting Institute on a serum to catch that special guy. "Elisa Grossman" must be having fun, she is modeling for the House of Dior in Paris. "Paul Blain" is someone you can't watch; he's moving too fast. He recently won the Wrestling Championship of the World. We are all proud of "Janet Mongiat," she has written a book "How to Twirl Spaghetti Properly". Last time I saw "Reva Bye" she was with her husband Don. They finally got married. "Jackie Jackson" and her brother "Allen" were awarded a medal for being away the most times during their school year. Poor "Gayle Balcon" is waiting for a certain doctor to finish school at U. of T. "Arlene Jacobs" has been given a full time job at B.H.S.S. Nurse's Office. Wonder why? "Fern Cohen" is still looking at her husband's timetable wondering when he will be home for supper. That girl "Renee Mercer," who always used to talk is still going at it. I think there is a machine inside of her. "Cheryl Siskind" is now campaigning for the Canadian Assembly in Ottawa.

This has just been a little information of 4B11B class of 1967-68. See you next year with more information.

Sue Lerman
